

## Setting Up Application Environment

### Create IBM Cloud Account

Date	10 Nov 2022
Team ID	PNT2022TMID51645
Project Name	Smart Fashion Recommender Application

## IBM Cloud Login

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and Charan D P's Account. The main dashboard area is titled 'Dashboard' and includes a 'Create resource' button. Below this, there's a 'For you' section with several service tiles: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'IBM Watson Internet of Things Platform' (Communicate with connected devices, monitor and analyze data in real time, connect your own IoT apps and add Watson AI to the solution), 'Build a Virtual Private Cloud (VPC)' (Upgrade to a paid account to create your own protected space in the IBM Cloud), and 'Incorporate DevOps into your process' (Shorten releases, improve reliability, and stay ahead of the competition with IBM DevOps). Each tile has a 'Getting started' or 'Recommended' button with a time estimate. To the right of these tiles is a 'Select an option' dropdown menu. Below the 'For you' section, there are four more tiles: 'News' (View all), 'Recent support cases' (View all), 'Planned maintenance' (View all), and 'IBM Cloud status' (View all). The 'News' tile lists several articles, including 'IBM Cloud Satellite New Pricing', 'IBM Cloud Data Shield Deprecation', 'IBM Watson Orchestrator Is Integrating with ThisWay Global', and 'SLSA Support in IBM Cloud Continuous Delivery'. The 'IBM Cloud status' tile shows a world map and a 'Go to Service Catalog' button. The bottom of the image shows a Windows taskbar with the search bar and several application icons.
