CREATING NEW CHATBOT

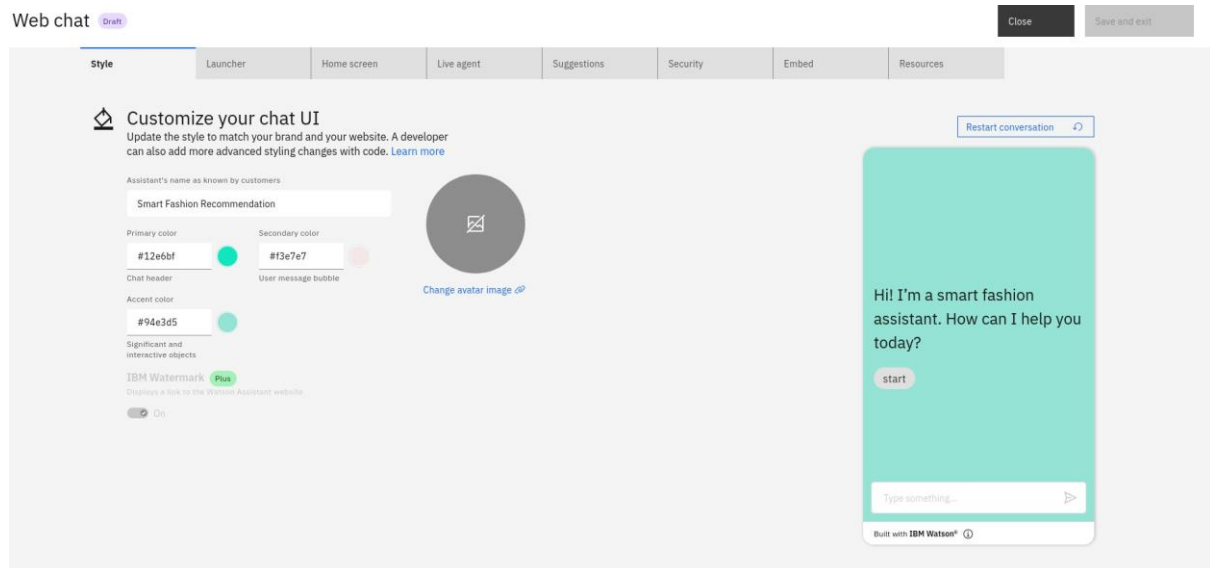

CREATING ACTIONS IN CHATBOT

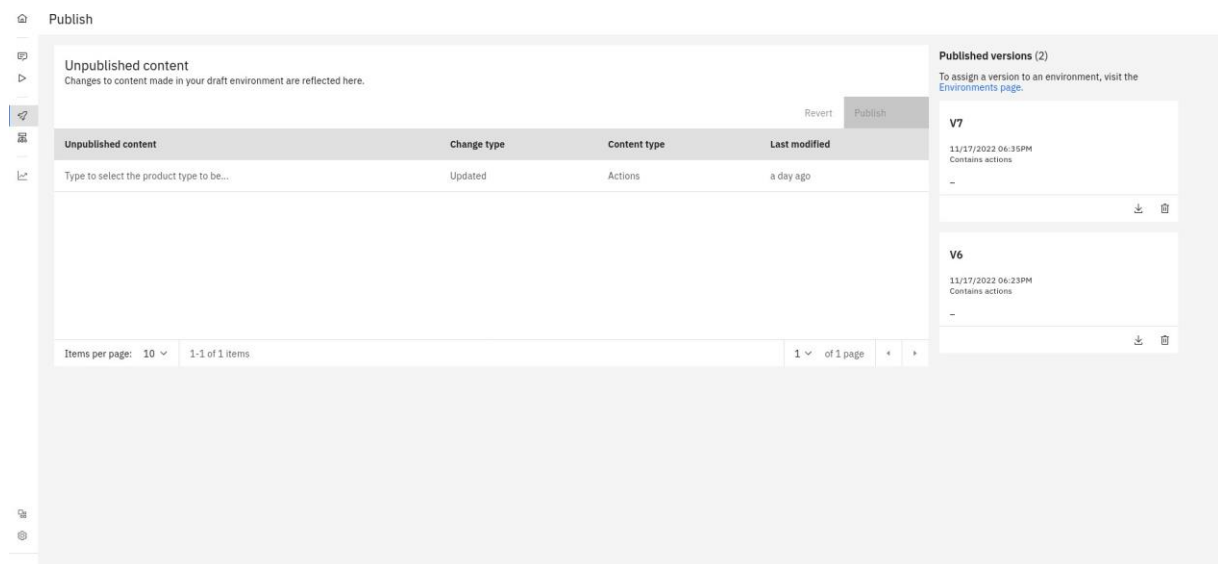

The screenshot shows the 'Actions' section of the Watson Assistant console. A sidebar on the left contains navigation links: 'Actions', 'Variables', and 'Saved responses'. The main area displays a table of actions created by the user. The table has columns for 'Name', 'Last edited', 'Examples Count', and 'Status'. The actions listed are 'I need help', 'to start from beginning', 'Type to select the product type to be shown..', 'Untitled action', and 'What can you do?'. The 'What can you do?' action has the highest examples count at 33. At the bottom, there's a pagination bar showing 'Items per page: 50' and 'Showing 1-5 of 5 actions'.

Name	Last edited	Examples Count	Status
I need help	a day ago	2	✓
to start from beginning	a day ago	2	✓
Type to select the product type to be shown..	a day ago	6	✓
Untitled action	a day ago	0	✓
What can you do?	a day ago	33	✓
